PRICE FIVE CENTS

PLANE SURVIVORS BELIEVED FOUND

Answer Filed in Injunction Halting School Consolidation

HOME TOWN STUFF

W. M. Hazard, one of our well known farmers, was a pleasant visitor to this sanctum yesterday. He brought in three fine pears as samples of his fruit crop. The three pears weighed about two pounds, one extra large one being about half the total weight of the three. Mr. Hazard has a good crop of pears this year and has them for sale, which is one reason why he brought some to the writer of this column. He wanted some free advertising. He has it.

E. L. McCarter is able to be out again after an attack of rheumatism that kept him confined to a hospital for several weeks. He bought a walking cane this morning, or rather took one on trial. He said if it was fast enough he would keep it.

A. M. Bourland and Grady Shipps returned home yesterday afternoon from Seymour, after being marooned by high water and low mud Wednesday night while returning home from Stamford. It is strange that Baylor County is getting more rain than Wilbarger County. Probably it is due to the fact that the Baylor County people are pushing right ahead to complete their six-way paved road system. Baylor County will have one of the most complete systems of paved roads to be found in any Texas county, when the program is completed. It is encouraging to know that travelers are mud-bound in West Texas and we usually get our share before the thing is finally wound up. It will be this way in regard to the rain.

A Quannah citizen said yesterday that some of the other towns along the Denver Road are not much better situated in regard to water than is Quannah, the only difference being that Quannah has reached the point where they can no longer deceive themselves or anybody else about being up against it.

A meeting is to be held in Quannah Tuesday afternoon for the purpose of discussing the proposal to develop a water supply up near the foot of the Plains sufficient to supply a number of towns in this section. It is hoped by sponsors of the meeting that representatives of all towns between Childress and Wichita Falls will attend the meeting. The water question is a serious one for every growing city, and we are facing the necessity here in Vernon of making some provision for a larger water supply in the near future. Whether we join in the project to be discussed at Quannah Tuesday or undertake some independent project, it is certain that if Vernon continues to grow an additional water supply must be found. A number of our people ought to attend the Quannah meeting.

School will be starting within a few days and more and more students are being faced with the necessity of deciding early what vocation they expect to follow after their education is completed. Time was when all students in college and high school studied exactly the same subjects. It can't be done any more, because special training is necessary for different vocations. The boy who expects to be a physician must specialize in certain subjects, the future engineer in still others, and so on around the list. But one thing all ought to take is English. It is astonishing how many so-called educated people know little about the prevailing language of this country, or rather what is supposed to be the prevailing language, which is English. Some of these days, H. T. plans to work out an educational system. Never having taught school and having attended only a very short time himself, he ought to be qualified for the job.

ELECTION CALL DECLARED NOT AGAINST LAW

Hearing in Suit Postponed Until Next Tuesday—Defense Attorney Files List of Exceptions to Arguments Advanced by Plaintiffs.

A hearing on the answer to the temporary injunction restraining Wilbarger County trustees and the trustees of the proposed Wilbarger-Board County Line Rural High School District No. 10 from further action in connection with plans for the district was held in the Forty-Sixth District Court this morning. A plea in abatement and the exceptions to the injunction were filed and the hearing was continued until Tuesday afternoon.

The temporary injunction restrained the issuance of \$70,000 in bonds and levying of a tax on the property of the district, and enforcement of an order creating the district and abolishing the elementary schools. J. N. Stokes of the firm of Berry, Stokes, Warlick & Gossett, is attorney for the defendants and Jesse Owens of Crowell and M. C. Culbertson are attorneys for the plaintiffs. Mr. Stokes claimed in the exceptions that the wrong method had been taken by the plaintiffs in attacking the alleged illegal election as the proper way would have been to have brought the suit in the name of the State. The school district, as a municipal corporation, is not a party to the suit, the exceptions declared. The temporary injunction also claimed that it was illegal for the County Judge to call an election at the request of the board of trustees, and should call an election only on a petition signed by 20 voters of each district. The defense attorney contends such procedure is not required by law.

The injunction also claimed that the Guggisberg and Kinkeloe districts should not be included in the new high school district as they are already teaching high school subjects. The defense stated that in fact and in law the Guggisberg and Kinkeloe districts were common school districts and were teaching high school subjects only under the direction of school trustees which does not change their standing as common schools. It was also claimed by the plaintiffs in asking for the injunction that the proposed high school district would destroy the common schools. The defense answered that it is the trustees of the common school districts wished to continue the common schools after joining the new high school district they could do so. The injunctions were issued on the petition of a group of citizens of the Kinkeloe and Guggisberg common schools, charging the election for formation of the new district was illegal. Haney, Parsley Hill and Antelope are the other districts concerned in the proceedings.

MAN HELD IN BORGER DEATH

BLOW ON HEAD FATAL TO
PECOS COUNTY MAN IN
SOFT DRINK PARLOR

Borger, Texas, Sept. 6.—(A-P)—One man was under arrest and another was sought for questioning in connection with the death of A. A. Ray, 44, at a soft drink stand here last night. At an inquest today it was shown death was caused by concussion of the brain, apparently caused from a blow on the head. A poll tax receipt found on Ray gave Red Barn, Pecos County, as his home.

WEST VERNON SCHOOL TO OPEN SESSION WEDNESDAY

The 1929-30 school term will get under way with the West Vernon School next Wednesday, according to J. E. Dockery, principal. Teachers of the school have all been selected and will meet with faculties of Wilbarger County schools in the annual institute Monday and Tuesday at the Vernon High School. Mr. Dockery announces that all special students who desire entrance examinations will report at the West Vernon School Wednesday morning where arrangements for the examinations and conditions will be made.

FEDERAL FARM BOARD TO BE QUIZZED BY SENATE

Washington, Sept. 6.—(A-P)—The Senate agriculture committee decided today to call the members of the Federal farm board to examine their qualifications for office at open hearings.

Chairman McNary of the committee sent word to the board members to appear at their convenience, probably late next week.

There have been signs of opposition to several of the board members. Several of the Senators from the northwest are displeased over the policy announced by Chairman Legge that the farmers and co-operators must exhaust other means of credit before applying to the board for loans.

A provision in the bill to require such a policy was stricken out in the Senate and therefore some Senators feel Legge and the board are going contrary to the expressed will of Congress.

In addition, a number of Senators believe the board should make available its \$500,000,000 fund at the 4 per cent interest rate without requiring farmers to borrow all they can elsewhere at higher interest rates.

OFFICER TELLS OF STRIKE RIOT

NAMES M'GINNIS AS FIRST
TO FIRE SHOTS IN
FATAL AFFRAY

Charlotte, N. C. Sept. 6.—(A-P)—Thomas Gilbert, Gastonia policeman, who received numerous shot gun wounds in the Loxley textile strike tent colony shooting on June 7 today told the jury hearing evidence against 16 strikers and strike leaders accused of the murder of O. F. Aderholt, that W. M. McGinnis fired the first shot of the affray.

Gilbert's evidence was largely corroborative of that of A. J. Roach, special officer at the time, who also was wounded, and Otto Mason, who saw the shooting from the porch of his home.

Gilbert said Louis McLaughlin, a defendant, was standing in the door of union headquarters when the officers came up, but that neither McLaughlin, Joseph Harrison nor McGinnis fired the shot that killed Chief Aderholt.

Like Roach and Mason, Gilbert testified the officers attempted to arrest Harrison when he pointed a shot gun at them. The only variation between Gilbert's testimony and that of Roach was when he said he did not see a picket line of strikers and that he could not say that any of the shots that wounded Aderholt, Roach, Charles Ferguson, Harrison and himself came from knot holes in the union headquarters building. Roach testified the officers broke a picket line and shots came from knot holes in the building. Gilbert said the shooting was from windows.

CHINESE OPIUM PLOT PRINCIPALS ARRESTED

Shanghai, Sept. 6.—(A-P)—Deported from the United States after the revelation of an opium plot of huge proportions, Ying Kao, former Chinese vice consul at San Francisco, and his young wife were taken into custody by Chinese authorities here today upon their arrival from San Francisco.

Instead of being jailed at Shanghai as it was expected they would be, Kao and his wife were taken to Nanjing where they were booked for trial in the Nanking court. Tachung, semi-official news agency, quoted officials of the government as having said they were determined to make an example of the pair to all government workers who violated a public trust.

KINDERGARTEN TERM OPENS NEXT MONDAY

The first kindergarten for the Vernon Public Schools will open Monday morning at 8:30 o'clock with Miss Fern Williams, instructor, in charge. The kindergarten classes will meet in the Hawkins school building. About 25 parents of Vernon children have indicated that they will enroll children in the kindergarten.

DR. PUFFER TO SPEAK HERE AT TEACHER MEET

Plans for Two-Day Institute in Vernon Next Week Perfect—Wichita Falls Superintendent of School Also on Program.

A two-day institute for the city and county school instructors for the 1929-30 school year will open Monday morning at the Vernon High School, with Dr. Adams Puffer, nationally known boy specialist, as the principal speaker on the program. A telegram was received from Dr. Adams Puffer this morning stating that he is now on his way to Vernon.

Dr. J. W. Cantwell, superintendent of schools at Wichita Falls, is another feature speaker on the program.

The program will open Monday morning at 9 o'clock with registration and a social hour with Mrs. J. G. McCarroll of Vernon in charge. Dr. E. L. Moore, pastor of the Presbyterian Church, will give the invocation.

Monday afternoon and will be followed at 2 o'clock by Dr. Cantwell. Group meetings of the instructors teaching related subjects and meetings by schools will be held during the two days. Dr. Adams Puffer will speak a second time Tuesday morning at 9:15 o'clock.

Group discussions will be led by various teachers who are experts in their subjects. Parent-Teacher work and the 4-H club work will also be discussed at the institute.

Both rural and city sides of public education will be studied and discussed by the teachers with the duties of the various school heads emphasized. The participation of the schools in the State Inter-scholastic (Continued on page 2.)

CLUB BOYS IN ENCAMPMENT

ANNUAL MEETING OF FARM
BOYS BEING HELD AT
ALLINGHAM PARK

Twenty-one boys of the Wilbarger County 4-H clubs met this morning in Allingham Park at 9:30 o'clock for their annual encampment of two days with R. E. L. Heston, County Agent, in charge. The encampment opened with games and an athletic program. Lunch was held on the grounds at 11:30 o'clock.

A business session followed lunch and the boys were scheduled to attend a picture show at 3 o'clock this afternoon. The Vernon Boy Scouts are to act as hosts for the visiting 4-H boys at the regular Scout meeting, which will be held in the park tonight at 7 o'clock. Arrangements have been made for the boys to sleep in the open if the weather permits, if they do not use the clubhouse.

Saturday's program includes games and a swim in the morning and a visit to industrial business houses of Vernon in the afternoon. The boys registered this morning were: Wayne Sylvester, Dewit Sylvester, Lowell Stringer, Edwin Thrash, Melvin Thrash, Clois Cook, Joe Waggoner, Ray Roark, Marvin Pullum, Ray Stone, Otis McClendon, Wayne Grimes, Harold Garrett, Thurman Garrett, Les Rains, Ted Neiburger, Herman Ludtke, Cecil Owens, R. A. Minter, Carol Byrd, and Ernest Scheur.

SUIT AGAINST SERVICE CAR OPERATORS ON AT AUSTIN

Austin, Sept. 6.—(A-P)—Trial of the suit brought by the Missouri Pacific Transportation Company to enjoin several operators of service cars in the Rio Grande Valley from operating their vehicles without a permit from the Railroad Commission is in progress before Judge J. D. Moore of the Travis County district court. Defendants are Henry Keatts, Jr., and R. S. Lytle of Harlingen, and W. B. Mussett of McAllen. They contend they have paid state licenses on their motor cars and chauffeur's licenses and are not violating rules of the Railroad Commission.

U. C. V. Meets Saturday. A regular meeting of the United Confederate Veterans of Vernon will be held Saturday afternoon at 3 o'clock at the Wilbarger County Courthouse, according to an announcement made today by Mrs. J. E. Collins.

PLANS FOR NEW PRISON BEING CONSIDERED AT AUSTIN

Austin, Sept. 6.—(A-P)—A plot showing a proposed prison plant costing \$4,500,000 with a capacity of 3,000 inmates was submitted as a "basis of discussion" to members of the penitentiary centralization committee, meeting here today. It was prepared by Dr. F. E. Giesecke of Texas Agricultural and Mechanical College, who accompanied the commission on a tour of state prisons recently.

A belief by the people of Walker County, where the central walls of the present system are now situated, was presented to the commissioners in which advantages of the Wayne Farm, in Walker County, as a centralization point, were argued. Huntsville was represented by Representative C. N. Shaver and J. E. Parrish.

Dr. Giesecke's tentative estimate includes the main walls, water works, sanitary sewer system, ten administration buildings, ten cell blocks, and eight industrial buildings. The plant would cover 32.6 acres within the walls.

TWO KILLED IN PLANE CRASH

OKLAHOMA GIRL STUDENT
AND COMPANION DIE
IN MEMPHIS FALL

Memphis, Sept. 6.—(A-P)—Miss Ruth Greer, 18, of Woodward, Okla., and Ennis Douglass, 17, Memphis, were killed instantly and Frank Hays, aviator, was believed fatally injured in the crash of Hays' airplane here at 10:15 a. m. today.

Miss Greer was en route to Birmingham where she is a student at Birmingham Southern College. She stopped here for a few days visit with the Douglass family, and Ennis Douglass and she decided to fly over Memphis as an outing.

Something went wrong with Hays' ship over Park Field and Millington, Memphis suburb, and it dived. Miss Greer and Douglass were dead when taken from the wreckage. Hospital attaches said Hays' chances of recovery were slim.

AUTOPSY TO BE MADE IN HOUSTON HOTEL DEATH

Houston, Sept. 6.—(A-P)—Officials planned to perform an autopsy today on the body of Ed Morrissey, 50, who died in his hotel room here last night. H. P. Webb, 51, Chesterville farmer, was charged with murder in Morrissey's death.

Webb admitted he had a fight with Morrissey during a drinking party in the hotel, but said he struck the other man only with his fist. He asserted he did not recollect clearly what had happened.

Morrissey had a gash over his left eye when he was found dead. Justice Campbell Overstreet said the gash over the dead man's eye did not appear serious enough to have caused death.

ALL ENTRIES PASS TESTS FOR SCHNEIDER AIR RACES

Calahot, Eng. Sept. 6.—(A-P)—All entries for the blue-ribbon Schneider cup air race successfully passed their navigability trials in the Solent before noon today. The British and the Italian pilots thereupon moored their machines for a six-hour seaworthiness test. The races proper begin tomorrow.

HEARING ON APPLICATION FOR NEW RAIL LINE SET

San Antonio, Sept. 6.—(A-P)—The Gulf and West Texas Railroad's application for permission to build a line from San Antonio to San Angelo will be heard here Sept. 30.

C. D. Mahaffie, director of the Interstate Commerce Commission's finance bureau, announced the date yesterday in a wire to the J. W. Fox, general manager of the railroad.

HELMS BATTLES GUARDS ON WAY TO DEATH CHAIR

Cisco Bank Robber Electrocuted at Huntsville After Sensational Struggle From Time Taken From Cell Until He Is Fastened in Chair.

Huntsville, Sept. 6.—(A-P)—Battling like a trapped beast, Henry Helms, Cisco "Santa Claus" bank robber, capitulated his crime in the electric chair early today after a desperate effort to prevent being carried to the death chamber. Although in a weak condition, Helms struggled with the guards from his cell until he was strapped in the chair.

As the clock in the prison tower began tolling the midnight hour, Captain Homer Knighten, assistant warden, arose and checked carefully the persons assembled in the warden's office. Once satisfied that only those who were supposed to be witnesses were present, Captain Knighten led his silent group down the corridor, through numerous heavily guarded gates, across the yard to the death chamber.

Helms was lying on the floor apparently asleep as Captain Knighten and the guards entered the death chamber to escort him down the "one way" corridor. He remained motionless until the two guards who entered his cell placed their hands on him. Then the battle started.

Realizing death was waiting, Helms with the strength of a madman tore himself free from the clutches of the two guards and retreated to the back of his cell.

With his breath coming short and fast, Helms, with his back to the wall, waited for the guards to make the next move. Two other guards were ordered into the cell. The four guards closed in on the prisoner and (Continued on page two.)

NEW ORLEANS STRIKE ENDED

CITY RETURNS TO NORMAL
AFTER TWO MONTHS OF
TROLLEY TURMOIL

New Orleans, Sept. 6.—(A-P)—Because an agreement had been reached between the Union and Public Service Corporation officials, in New York the city returned to normalcy today after a two months car strike.

Announcement of the agreement was reflected favorably by the city, street cars which have operated on regular schedules with only meager patronage, immediately being loaded.

Union sympathizers had boycotted street cars consistently for jitneys, and the general public avoided trolley transportation at night after a series of explosions had damaged cars. The city had experienced almost continual disturbances since the coroner struck July 2, for recognition of the Union.

JURY COMPLETED FOR TRIAL OF MRS. PANTAGES

Los Angeles, Sept. 6.—(A-P)—Chosen only after sixty-two talesmen had been questioned, a jury of seven men and five women today faced the task of trying Mrs. Alexander Pantages, wife of the wealthy theater operator, on a charge of murder, growing out of an automobile accident.

The state will attempt to prove the theater magnate's wife was driving in a reckless manner while under the influence of liquor on the night of June 16, when her car collided with a machine driven by Joe Rokumoto, the victim.

Mrs. Pantages' husband will go on trial September 23 on two charges of assault growing out of accusations by Eunice Pringle, 17-year-old co-ed dancer, who claims she was attacked in Pantages' private office.

WEALTHY TEXAN FACES MAIL FRAUD CHARGES

Los Angeles, Calif., Sept. 6.—(A-P)—Gilbert S. Johnson, wealthy Texas oil operator who faces an indictment in Federal Court here charging he used the mails to promote 16 fraudulent oil companies in Texas, has given a \$10,000 bond to appear in court Monday, his attorneys have announced. The defense will argue a motion to quash the indictment which was returned in 1925. Johnson has resisted removal from Texas since that time.

VERNON IS TO BE REPRESENTED AT WATER MEETING

Vernon is to be represented by city officials and Chamber of Commerce delegates at the meeting of representatives of cities between Childress and Wichita Falls inclusive next Tuesday at Quannah where the water situation of this section will be discussed. The meeting was called by Mayor T. D. Frizell of Quannah, who states that it will be held in Quannah at the suggestion of interested parties.

City Engineer H. L. Coleman and L. A. Huddleston, superintendent of city water works, have announced their intentions of being present at the meeting, representing the city.

Leading engineers of Texas will be present at the meeting Tuesday and will give first hand information in regard to the Plains water supply plan proposed supply water to this section. It is hoped that a permanent organization to promote the proposed project will be formed at the meeting, according to Mayor Frizell. Although Vernon officials declare that no additional water supply for Vernon is needed, they hope to assist in the promotion of the project in regard to cities west of Vernon.

SENATE QUIET, VIEWS TARIFF

PARLIAMENTARY CONFLICT
TO OPEN AFTER
MONDAY NOON

Washington, Sept. 6.—(A-P)—A week-end suspension of hostilities today confined activities in the Senate's tariff warfare to those quiet maneuvers by which Congressional leaders seek to solidify their forces and improve their plans for future stratagems.

On Monday at noon, the armistice will end. Then, the parliamentary battle will be resumed in earnest, with debate centering upon administrative provisions of the tariff bill.

RESCUERS FIGHT FOR LIFE OF QUICKSAND VICTIM

Ottumwa, Ia., Sept. 6.—(A-P)—Buried beneath a pile of quicksand and rocks which showered down on him yesterday, Wilkens Priest, 55-year-old well cleaner, battled death today while rescuers attempted to free him from his well prison, 35 feet below the surface.

Continued caveins frustrated attempts of workers to extricate Priest from his prison. At one time last night they had him freed to the waist, but another shower of dirt descended, a brick from the well's falling striking and injuring Ed Kirkland, a fireman.

Priest was cleaning the well when the loosened dirt from the side plunged down upon him. Buried at 10 a. m. yesterday, he told workers today he was "keeping his nerve."

TEXAS YOUNGSTER IN ST. LOUIS UNCLAIMED

East St. Louis, Sept. 6.—(A-P)—Waiting for someone to claim him, a seven-year-old boy from Fort Worth, has been in the custody of probation officers here since last Saturday. Frank, the only name he can recall, was sent by his mother who instructed trainmen to direct him to John Werle, a tailor near, who, she said, was the boy's father.

Werle, who said he had been separated from the boy's mother since 1910, refused to accept him. Werle has since remarried, as has his former wife, now Mrs. Anna Smith of Fort Worth.

"I thought papa would be glad to see me," Frank said.

EIGHT-YEAR-OLD DALLAS BOY DIES IN HOME FIRE

Dallas, Sept. 6.—(A-P)—The home of William G. Sudduth was in ashes today, and Sudduth's eight-year-old son, James Fields, was dead, despite the father's gallant attempt to save him.

Sudduth, his wife and two young daughters fled the residence yesterday when flames shot up around them. For the moment, they forgot James until they heard his cries. Sudduth rushed back through the fire and brought the boy out. Physicians worked over him in vain. He died of burns.

QUARTET SEEN IN DESERT BY AIR SEARCHER

Flyer Returns to Winslow and Reports Light Planes Capable of Landing in Vicinity Are Dispatched to Area Where Men Were Seen.

Winslow, Ariz., Sept. 6.—(A-P)—Hoping that at least four men of the seven men and one woman aboard the lost air transport City of San Francisco were alive was brought here at 10:42 o'clock this morning by Lieut. D. W. Tomlinson, chief pilot of the Mojave air lines and former navy ace.

Tomlinson reported finding four men on a high mesa of the northern Arizona desert near Walpi, 100 miles north of here. The four men were waving white shirts as distress signals and he flew as low as his trimotor plane would permit, answering their signals and raced back to Winslow, one of the strategic centers of the search.

Within a few minutes after his landing here, planes capable of landing in the vicinity of the four men took off with food supplies and water.

Two factors which raised hopes that these might be survivors of the City of San Francisco were that this would be on the probable course of the missing ship if reports of Tuesday were true. It had been seen over Fort Defiance, Ariz., and the other factor was that it was unlikely any persons would be on this formless section of the Arizona desert (Continued on page 2.)

FALL READY TO FACE CHARGES

AFTER MONTHS ON RANCH
RETURNS TO EL PASO ON
WAY TO CAPITAL

El Paso, Texas, Sept. 6.—(A-P)—After months of careful recuperation on his Tres Rios ranch in New Mexico, Albert B. Fall, former Secretary of the Interior, has returned to El Paso to prepare to go to Washington and face charges that he was guilty of corruption in leasing naval oil reserves while he was in office.

Mr. Fall was fatigued by the trip from the ranch and his wife saw reporters for him. Mrs. Fall said her husband was confident of acquittal and was eager to get the trial over with. She said she felt sure he would be able to make the trip to Washington. His health, she told reporters, was still frail, but much better than it was several months ago.

State Labor Laws To Be Enforced in Institutions

Austin, Sept. 6.—(A-P)—Holding to the belief that all laws should be enforced, State Labor Commissioner Charles McKamy said today violations of the statute prohibiting women from being employed in eleemosynary institutions longer than nine hours daily would be brought to attention of County or District Attorneys as rapidly as they are discovered.

At least five institutions now are working women nurses and attendants 12 hours daily as a result of vetoes in the eleemosynary appropriation bill, R. B. Walthall, chairman of the board of control, learned today. Others may be forced to take the same steps through lack of funds, he said.

Commissioner McKamy said the attorney general's department in two instances had furnished him with opinions that the 9-54 hour law was applicable to state institutions.

VERNON NEGRO SCHOOL WILL OPEN NEXT MONDAY

Registration for the Vernon negro school will start Monday morning at 9 o'clock, Superintendent W. T. Lefland said today. E. W. Robinson is principal of the Booker T. Washington school which opens in a new \$10,000 building this fall. Three teachers employed at the school are C. V. Ward, C. B. Majors and I. O. Shelton.

SEVERAL CITIES REPORT RAINS

WICHITA FALLS SWEEP BY VIOLENT RAIN AND ELECTRICAL STORM

Wichita Falls, Sept. 6.—(P)—A violent electrical and rain storm visited this city and vicinity last night. Light and telephone service was interrupted temporarily. Approximately half an inch of rain fell here while the precipitation through the area ranged from a half inch to two inches.

San Angelo, Texas, Sept. 6.—(P)—Almost too late to benefit crops but of inestimable value to ranges, scattered rains fell last night over this section of West Texas. The precipitation in places exceeded one inch. The fall in San Angelo measured .60 inch. Cool and cloudy weather prevailed today.

Towns reporting good rains included Christoval, Eldorado, Sanger, Mertzon, Barnhart, Ozona, Fort Stockton, Sterling City, Blackwell, Sweetwater, Ballinger and Coleman. Rains at Eden interfered with the Comanche County fair.

Corsicana, Texas, Sept. 6.—(P)—The three months' drought was broken in Corsicana and Navarro County last night when 26 of an inch of rain fell.

LINDY TO JOIN IN AIR SEARCH

ACCOMPANIED IN FLIGHT TO HUNT LOST PLANE BY HIS WIFE

Roosevelt Field, N. Y., Sept. 6.—(P)—Colonel Charles A. Lindbergh, technical director of the Transcontinental Transport, borrowed a fast plane today to join the search for the T. A. T.'s missing plane, the City of San Francisco.

Just as Colonel Lindbergh reached this field, where his borrowed plane was waiting ready for a take-off, he was informed of a report from Winslow, Ariz., that four men had been sighted from the air walking across the desert 100 miles north of Winslow.

He immediately called the Associated Press in New York asked to have the dispatch from Winslow read to him. He then said he would leave immediately to join in the search, stopping at Columbus on the way to see if by that time the eight persons who disappeared with the transport plane last Tuesday had been found. He asked the Associated Press if they would have a man at Columbus to give him the latest information so he would know whether to hurry on or to turn back in case the search should be ended.

Colonel Lindbergh was accompanied to the field by his wife and at the last minute revealed she was going along with him. He had brought with him two parachutes taken from his own plane at the Newark airport.

TEXAS WOMAN HONORED BY CAMP FIRE GIRLS

Omaha, Neb., Sept. 6.—(P)—Mrs. Mita Hall of Sherman, Texas, mother of three sons and no daughters, has been awarded the Grace Harriman silver medal for the Camp Fire Girls' National Council, in session here, as having accomplished more for the organization than any other Camp Fire Girls group leader in the United States.

Judges Exchange Benches in Trial of Becky Rogers

Lockhart, Sept. 5.—(P)—District Judge M. C. Jeffrey has exchanged benches with Judge J. C. Watson of Cameron, who Monday will preside at the trial of Mrs. Rebecca Bradley Rogers at New Braunfels for the robbery of the Farmers National Bank of Buda, he announced today.

For the third time, Mrs. Rogers will be called upon to stand trial for the holdup of bank officials, robbed of \$1,000 by a young woman who posed as a newspaper reporter.

A Fayette County jury found her guilty in 1927 and assessed punishment at 14 years in the State penitentiary. The conviction met with reversal, and a second trial was ordered at La Grange. Unable to obtain a jury, Judge Jeffrey ordered the case transferred to New Braunfels.

Otis Rogers, husband of the young defendant and her chief counsel, has announced Mrs. Rogers' plea will be dementia praecox—temporary insanity.

Quartet Seen--

(Continued from page 1)
with a... unless they had landed in an airplane.

Tomlinson reported he was unable to find a landing place near the four men, and as his fuel was running low, he thought best to return to Winslow immediately and dispatch aid to the four men. He did not believe it would be possible to land a plane any nearer to their location than the Walpi mesa, some 26 miles distant from them.

There were but four airplanes here besides Tomlinson's ship and following their departure, plans called for dispatching all other planes which arrive here to the Walpi area.

Gallup, N. M., Sept. 6.—(P)—Twenty-one airplanes, the first unit of the aerial armada seeking the lost air liner, City of San Francisco, inaugurated the greatest plane hunt in American history when they took off today to survey the wild area surrounding Gallup.

The planes, part of a fleet of about 70 available for flight, faced to some degree the danger into which the City of San Francisco flew last Tuesday when she left Albuquerque for Winslow, Ariz., with eight persons aboard. The air liner, fighting a storm, was last seen near Grant, N. M.

Cloudy weather and poor visibility added to the difficulty the searchers had to cope with. The jagged mountains, dead volcanoes and lava washes, offered little opportunity for emergency landing. Because of the forbidding nature of the country and the fact that no trace of the plane had been found in three days of searching, belief persisted the City of San Francisco had met with disaster.

The reward of \$5,000 offered by the Transcontinental Air Transport, operators of the City of San Francisco, for location of the plane added to the number of searchers. Hundreds of swarthy Zuni Indians with desert-trained eyes and bodies insured to the discomforts of the open spaces of the country around Gallup, Cowboys, motorists and others joined the hunt.

The aerial searchers went about the job methodically today for the first time. Each craft was assigned to a given territory. T. A. T. officials said their planes would work to the southwest toward Winslow, the destination of the City of San Francisco. Two other ships were assigned to the country north and east of Winslow, over the isolated villages of the Hopi and Navajo Indians.

Mr. and Mrs. Claude Ferebee, Mr. and Mrs. H. D. Shive, and E. S. Lacy left today for Fort Worth, where they will attend a Waples-Platter sales meeting.

Helms Battles--

(Continued from page 1)
started dragging him toward the door.

Much difficulty was experienced in getting him through the door. Helms made a desperate effort to grasp one of the bars, but his fingers only grazed the cold steel. Down the corridor the group proceeded with Helms writhing, twisting and setting back. On past the cell of Marshall Ratliff, who is under death sentence also for the holdup of the Cisco bank, the same crime Helms died for, to the "little green door."

Mustering his fast waning strength, Helms made a desperate attempt to loose himself. But long confinement had sapped his vitality, and the four guards dragged him on through the little door. When Helms saw the chair he became frantic and his efforts to free himself became more desperate.

He started unseeling at the group of witnesses and at the chaplain and the assistant warden. As the condemned man's eyes glanced at the chair, his chin became set, he raised his eyes to the ceiling and muttered something. He made one effort to jump from the chair, but once his arms were fastened by leather thongs he appeared calmer.

Sergeant H. J. Howard gave one swift look, took two or three steps to the switchboard, and shoved in the lever. Three charges were sent through Helms' body.

The current was applied at 12:10 a. m., and Helms was pronounced dead by the prison physicians six minutes later.

Dr. Puffer--

(Continued from page 1)
League will be discussed by J. V. Lyles, principal of the Vernon High School.

A list of those appearing on the program and the subjects to be discussed follows:

The 4-H club, Miss Emma Gunter and R. E. L. Pattillo; school improvement, A. E. Dauley; Mrs. Boyd Gillespie will discuss P-T. A. work in city schools and Mrs. John Knapp in the rural schools.

High school discussions: English, Miss Johnnie Shirley and Mrs. Curtis Renfro; science, W. R. Newsom; modern languages, Mrs. George O'Bannon and Miss Aline Bell; mathematics, C. B. Couch and A. J. Lynn; history, S. P. Vick and M. M. Wade; home economics, Miss Maurine Davis; and agriculture, W. L. Boswell. Superintendent W. T. Lofland will speak on the duties of the principal.

Grade school discussions: first primary, Mrs. J. C. Delashaw; second primary, Miss Edna Stephens; arithmetic, J. H. Dobbins; language and grammar, Miss Annie Mae Neill and Mrs. W. O. Stine; geography, Mrs. Ira V. Younger; history, D. O. Pulton and Mrs. Hassie Streit; reading, Miss Ethel E. Morgan; writing, Mrs. J. A. Anderson; Knox Kinard will talk on the relation of the teacher to the principal and superintendent.

Other grade school discussions include: phonetics demonstration, Mrs. Roy McClendon; Mrs. J. D. MacIntyre will discuss the need of phonetics in the third and fourth grades; aids in silent reading, Mrs. W. L. Rhodes; test and checking of silent reading, Miss Ruth Siddons; elocution, Mrs. Stella Bryant; public school music, Mrs. W. P. Thomas.

Ed Gossett of Vernon will speak on enthusiasm Tuesday afternoon and Miss Inell Powell will give a violin solo. M. E. Brown will lead a song service at the opening of both daily programs.

Miss Marian Roberts and Miss Eva Lou Stevens, of Vernon, left today for Wichita Falls, where they will teach in public schools.

Guy Hansard, of Phoenix, Ariz., formerly of Vernon, is visiting here with his mother, Mrs. Sadie Hansard, and sister, Mrs. C. Ed Smith.

Derrick Wrecked by Explosion in Empire Oil Lease

Completely demolishing a Derrick on the Empire Oil & Fuel Company's lease in the Rock Crossing field a boiler exploded early this morning, slightly injuring one man. The derrick was unhurt.

The accident was characterized as a "freak explosion" by company officials. The boiler was one of two used in drilling operations and blew completely through the derrick and about 100 feet across the lease. The name of the injured man who suffered a bruised arm and a sprained ankle could not be learned at the company's South Vernon office.

The injured man was in the derrick at the time of the explosion and was knocked to the ground when the boiler crashed through the derrick. The driller who was on the ground escaped injury. No estimate of the cost of the damage could be learned.

The market was comparatively quiet later. A little selling was reported on reports statistics placed on the consumption of American livestock for last season at 15,076,000, compared with 15,407,000 for the previous season. These figures were somewhat below expectations, but offerings were light and were well enough absorbed to steady prices on set-backs of 4 or 5 points. At mid-day the active months were 7 to 11 points net higher with December selling around 19.33.

New York, Sept. 6.—(P)—The cotton market opened steady at an advance of 5 to 10 points. There was further selling on Texas rain news, but it was much lighter after the heavy liquidation of yesterday, and there seemed to be some trade buying which helped to steady prices.

Covering was promoted by a private crop report placing the condition of the crop at 55.8 and the indicated yield at 14,712,000 bales. Prices worked up to 19.37 for December and 19.59 for March, or 13 to 15 points net higher, but demand tapered off at the advance and trading was quiet at the end of the first half hour.

The market was comparatively quiet later. A little selling was reported on reports statistics placed on the consumption of American livestock for last season at 15,076,000, compared with 15,407,000 for the previous season. These figures were somewhat below expectations, but offerings were light and were well enough absorbed to steady prices on set-backs of 4 or 5 points. At mid-day the active months were 7 to 11 points net higher with December selling around 19.33.

SOCIETY

Presiding Elder and Wife to Hold Open House Here

Rev. J. O. Haymes, presiding elder of the Vernon district of the Methodist Northwest Texas Conference, and Mrs. Haymes, are holding an open house entertainment at the new district parsonage, 2331 Wil-

barger Street, next Monday afternoon from 3 until 6 o'clock, it was announced here today. All Methodists of the Vernon district, as well as the members of the local Methodist Church, are invited to call during the afternoon.

Mrs. Haymes has invited the Missionary society circles of the local church to call at half hour intervals as follows: Circle No. 1, 3 to 3:30 o'clock; No. 2, from 3:30 to 4 o'clock; No. 3, 4 to 4:30 o'clock; No. 4, 4:30 to 5 o'clock; No. 5, 5 to 5:30 o'clock; and No. 6, from 5:30 to 6 o'clock. All other guests are invited to call

Miss Stinnett of Vernon Is Married to California Man

Announcement was made here today of the marriage of Miss Lucile Stinnett of Vernon, to J. T. Castleberry of San Diego, Calif., formerly of this city, in Frederick, Okla., Tuesday night. Rev. W. H. Stigler, pastor of the Frederick Baptist Church, performed the ceremony. Mrs. W. R. Stinnett and Mrs. J. O. Castleberry, both of Vernon, mothers of the young couple, were the only witnesses. Mrs. Castleberry is a daughter of Mr. and Mrs. W. R. Stinnett, and has lived in Vernon with her family

at any time between the hours of 3 and 6. The new parsonage, which was recently completed, will be open during the afternoon for inspection.

about three years. She was a graduate of Vernon High School in 1928 and attended Wichita Falls Junior College last year. Mr. Castleberry is a son of Mr. and Mrs. J. O. Castleberry, of this city, and was himself a resident of Vernon until about a year ago when he moved to San Diego, Calif., and is now employed there with the R. V. Morris Motor Company. He was also a graduate of the 1928 graduating class of Vernon High School. The couple left Vernon today for San Diego, where they will make their home.

Helping the Homemaker

Suggestions for Sunday Meals.
Breakfast.
Cantaloupe
Egg Omelet Broiled Bacon
Corn Muffins Coffee
Dinner.
Roast Pork Browned Sweet Potatoes
Creamed Green Beans
Bread Apricot Conserve
Relish Gelatin Salad Salad Dressing
Chocolate Pie Coffee

Supper.
Sliced Pork Sandwiches
Fruit Cookies Tea
Relish Salad in Gelatin, serving 6.
1 package lemon flavored gelatin mixture
1-2 cups boiling water
2 tablespoons vinegar
2 tablespoons sugar
1 cup thinly sliced cucumbers
1-2 cup diced tomatoes
2 tablespoons finely chopped green peppers
1 cup chopped cabbage
2 tablespoons chopped sweet pickles
1-2 teaspoon salt
1-4 teaspoon paprika
Pour the boiling water over the gelatin mixture and stir until it has dissolved. Cool and add the rest of the ingredients. Pour into a mold which has been rinsed out of cold water. Set in a cold place to congeal and when ready to serve unmold on lettuce leaves and surround with salad dressing.

Salad Dressing.
(For fish or vegetable salads)
4 egg yolks or 2 eggs
4 tablespoons flour
1 teaspoon salt
4 tablespoons sugar
1-3 teaspoon dry mustard
1-4 teaspoon pepper
1-2 cup vinegar
2-3 cup water
2 tablespoons butter
Beat the egg yolks and add the flour, salt, sugar, mustard and pepper. Add the vinegar and water and cook in a double boiler until thick and creamy. Stir frequently to prevent lumping. Add the butter and heat for 1 minute. Pour into a jar which has been dipped in cold water. Cool and chill. When ready to serve this dressing can be thinned with plain sour or whipped cream.

When substituting cocoa for chocolate, use 2 tablespoons of cocoa (level measurements, of course) for each square of chocolate.

Alathean Class Meets at Baptist Church Thursday

Members of the Alathean Sunday School class of the First Baptist Church met in a business and social meeting at the church Thursday afternoon. The meeting was opened with a song, followed by prayer led by Mrs. W. A. Lane. Mrs. Matt Hunter, and Mrs. Robert Buzbee, group captains, and Mrs. George E. Maxon, secretary, gave their monthly reports.

A social hour followed, during which time games were played and refreshments of coffee and cake were served.

Those present were: Mrs. J. Snead Parker, Mrs. L. L. Johnson, Mrs. F. L. Fletcher, Mrs. R. L. Martin, Mrs. L. S. Bridge, Mrs. M. P. Pybus, Mrs. George E. Maxon, Mrs. John Hardin, Mrs. Robert Buzbee, Mrs. Matt M. Hunter, Mrs. Henry Connor, Mrs. D. O. Fulton, Mrs. W. A. Lane, Mrs. George Beavers, Mrs. Aubrey L. Lockett, Mrs. Frank Nevill, Mrs. Fred Russell, Mrs. F. K. Whitworth, and Mrs. A. C. Williams.

J. C. Penney Store Employees Entertain With Weiner Roast

Employees of the Vernon J. C. Penney Company Store entertained Thursday evening with a weiner roast about two miles north of town. Marshmallows and weiners were roasted over a bon fire and served with buns and pickles. Watermelons were also included in the feast. The employees and their guests included: Mrs. P. P. Holbrook, Mrs. J. D. Robinson and daughter, Martha.

Makes You Look Years Younger

The skin of youth lies in every box of new wonderful MELLO-GLO Face Powder. The purest powder made—its color is passed by the U. S. Government. No pastiness, flakiness or irritation. A new French process makes it spread more smoothly and prevents large pores. No more shiny noses—it stays on longer. Use MELLO-GLO. The Vernon Drug Store.—Adv.

Club County Council to Meet In Session Here Saturday

The County Council of rural clubs will meet in a monthly business and social meeting Saturday afternoon in the assembly room of the court house. Miss Emma Gunter, county home demonstration agent, announced today. The new agent, Miss Doris Leggett, of Wellington, will arrive in Vernon today to be present at the

meeting Saturday and meet the club members. Miss Leggett is to succeed Miss Gunter, whose resignation will become effective September 15 when she leaves to enter college.

Final plans for the Club Fair Exhibit, which will be held Friday and Saturday of next week, and work for the new year will be discussed at the business session Saturday. At the social hour, games and contests will be the diversion and refreshments will be served.

VETERANS TO MEET IN AMATEUR GOLF SEMI-FINALS

EXPERIENCE TURNS BACK RUSH OF YOUTH AND SEASONED FOUR TO BATTLE FOR JONES' CROWN

Pebble Beach, Calif., Sept. 6.—(AP)—The battle of Pebble Beach in the national amateur golf championship of 1929. The battle of Pebble Beach in its semi-final stage today, brought together four of the most seasoned of American campaigners, and it was still a wide open fight among them for the crown that a youthful spurge knocked from the sandy head of Bob Jones.

After brilliant third round triumphs, this quartet of the old guard stepped out this morning with Dr. Oscar F. Willing, the Portland, Ore., dentist, meeting a fellow Oregonian, Henry Chandler Egan, champion of 1904 and 1905, in the first 36-hole match and Harrison R. (Jimmy) Johnston of St. Paul, veteran tournament figure in 1914, and open champion in 1912.

The thatches of all four have thinned or grayed, with the exception of Johnston, whose youthful appearance belies the fact that he is well over 30 and a match player of long experience. Egan, title holder 25 years ago when a student at Harvard, is back in the limelight—at the age of 45, a semi-finalist for the first time since 1900. Willing, nearly bald and 40, has campaigned at home and abroad with distinction. Outset, long one of the game's foremost figures, is around 35.

Youth, in the person of Johnny Goodman of Omaha, took the scalp

of ex-champion Jones. In William Lawson Little, Jr., it cut a swath through the tourney that was finally checked only by the great finish of Outmet. Today, however, there were four semi-finalists averaging close to 40 years of age to demonstrate that experience still cuts a substantial figure.

This was the sixth time in ten years that Outmet had reached the semi-finals with Egan back in that bracket for the first time in 20 years, but it was a brand new experience for both Johnston and Willing. Johnston has won the Western amateur crown, and some figure in the open championships, notably in 1927 at Oakmont, but he never before has gone beyond the third round. Neither has Willing, whose performances in Walker cup and other competitions nevertheless have stamped him as one of the foremost of amateur match players.

The Portland dentist gave convincing evidence of his competitive skill in man-to-man battle when he took the measure yesterday of the famous British champion, Cyril James Hastings Tolley, 4 and 3, while Egan was trouncing Jess Sweetser 6 and 5. Outmet stopping the rush of William Lawson Little, Jr. of San Francisco, one up in 36 holes, and Johnston out-fighting George Vogt of New York, one up, in a terrific 39-hole match.

WITH SPUDS PLAYING SLOW GAME, OPPONENTS STILL HAVE CHANCE TO WIN LEAGUE TITLE

(By The Associated Press)

With 10 days of play remaining and the Spudders playing indifferent baseball, there still is a mathematical possibility for a couple of teams to beat the favorites to the tape, but the average fan already regards the thing as in the bag. They are looking forward now to the playoff between Callaway's men and the inconsistent Dallas Steers.

The fact is neither of the clubs with a chance to overhaul the Spudders is doing anything about it. If either Houston or Shreveport could launch a determined drive right now it would pep things up immeasurably. They are hampered somewhat in that direction by the fact that they are battling each other all over the lot.

The Waco Cubs are taking particular delight in making monkeys out of the leaders. Last week they made the Spudders sick of Katy Park, and yesterday they took the heirs apparent in their own back yard, 7 to 2. ers, however, as the Buifs were dropping a heartbreaker to Shreveport, 6 to 5.

Homers played a big part in the Cubs attack. Joe Mellano slapped one The setback meant little to the Oil in the second with the hassocks loaded. This, in view of Lefty Stein's steady chunking, proved sufficient to win, but George Blackberry rapped another further on. It was his thirty-third of the season and his fourth in three days.

Big Jim Moore, who has been the fair-haired boy at Dallas the last several months, proved the great of the Steers' opener with Beaumont.

DALLAS PLAYER WINNER OF WICHITA GOLF TITLE

Wichita Falls, Texas, Sept. 6.—(AP)—Having fought his way through a brilliant field of veterans and youthful stars Gus Moreland of Dallas today held the title in the annual Wichita Falls golf and country club invitation tournament.

Moreland defeated Jack Jackson, his fellow townsman 2 up yesterday in the finals of the tournament after such veterans as Tommy Cochran, former state champion, had dropped out in earlier rounds. Jackson played brilliant golf in the morning round, finishing two up, but faltered in the afternoon.

His muff of Lamb's lazy fly in the sixth paved the way for three Shipper runs. Paul Easterling blasting a homer immediately thereafter with two aboard. Haber's four-bagger scored the other Export run. Darkness halted the melee after 10 innings with the count 4 to 4.

The Cats jumped on Skinny O'Neal for five runs in the first and downed the Indians without much of a struggle, 7 to 2, in their opener. Jimmy Walkup allowed eight hits and received fine support.

COLEMAN WINS LEAGUE TITLE

CHAMPIONSHIP CLAIMED BY VIRTUE OF FORFEIT OF THURSDAY'S GAME

Coleman, Texas, Sept. 6.—(AP)—Coleman today claimed the title in the West Texas League by virtue of a game which Midland forfeited yesterday by failing to appear here for the seventh and deciding contest of the play-off series.

The Midland team failed to show up because of an argument over the method of selecting the field for the deciding game. The president of the league, Dave L. Snodgrass, and Leon L. Shield, president of the Coleman club, both said they understood the game was to be played in Coleman under a gentleman's agreement. The original play called for two games in one town, two games in the other, and then one game in each town. After that, if a seventh game was necessary, the field was to be selected by tossing a coin.

According to Shield, Arch Thomas, president of the Midland club agreed Sunday to play the final game in Coleman if the Coleman team would agree to play the fifth game, scheduled for Coleman, in Midland.

No coin was tossed, and Snodgrass ordered John King of the Midland club to have his team in Coleman yesterday for the final game. When the team failed to appear a forfeit was declared.

Tilden Looms as National Tennis Winner This Year

Forest Hills, N. Y., Sept. 6.—(AP)—For the first time since 1925, the national tennis singles championship of the United States will go to someone other than a Frenchman. Not because France's grip on world tennis hours has started to weaken, but because not one of tennis stars from the land of the tri-color has seen fit to enter the 1929 championship.

With the French "big three"—LaCoste, Borotra and Cochet—out of the picture, prospects are bright for William T. Tilden, second, of Philadelphia, to capture the title for the seventh time. In his half of the draw are H. W. Austin, of England; Berkeley Bell of Austin, Texas; John Van Ryn, of East Orange, N. J.; Tami Abe, of Japan; German Upmann, Cuba, and John Doe, Santa Monica, all seeded players.

Play in the championship will start tomorrow.

INVITATION GOLF TOURNEY OPENS AT QUANAH MONDAY

CLUB PERFECTS ARRANGEMENTS FOR CONTESTS

More Than Hundred Golfers From This Section of State Expected to Take Part in Qualifying Rounds — Entertainment Planned.

Quanah, Sept. 6.—Everything is in readiness here for the opening of the first annual invitation golf tournament to be held at the Quanah Country Club on September 9-11. More than a hundred exponents of the ancient and honorable game are expected to enter the qualifying rounds which will begin Monday morning.

Plans have been made to entertain the visitors at the club house Tuesday evening, and other forms of diversion will be offered all the visitors.

The qualifying round of 18 holes will occupy all of the first day, and Tuesday morning the first elimination rounds in all flights will be played, followed by the second round in all flights in the afternoon. The semi-finals will be played Wednesday morning and the finals will be played during the afternoon.

An additional nine holes have just been completed on the club course here, making it regulation size, and one which will test the mettle of the best golfers. A trophy will be awarded the winner, and suitable prizes will be given for all flight winners and runners-up.

Household Goods, New and Second Hand at Low Prices. Satisfaction Guaranteed.

YOST IS OUT OF PICTURE ON MICHIGAN GRIDIRON

Ann Arbor, Mich., Sept. 6.—(P)—Fielding H. "Hurry Up" Yost, guiding genius of University of Michigan football teams for more than a quarter of a century, is definitely out of Wolverine gridiron picture this season.

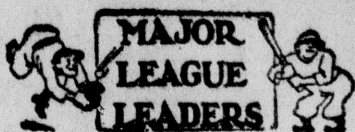

The "Grand Old Man" of Michigan stepped aside to make room for the younger coaching order and henceforth will act solely as an interested spectator unless his advice is sought.

Whether he was forced to step out or did so to preclude an embarrassing incident as came up between him and Coach Tad Wieman last fall is a matter of dispute on the Michigan campus. The fact remains he does not intend to take the glory or blame for what happens to the Wolverines on the gridiron this fall under the leadership of his former pupil, Coach Harry Kipke.

Coach Kipke starts his first year as coach with a nucleus of eight veterans to work with, but his greatest problem is to uncover a scoring punch—a punch which was missed last season. His team will be exceptionally strong on defense as it was last year and if it can score a touchdown or two it will be hard to conquer.

The loss of Otto Bomerling, all-American tackle last year, is a hard blow to Kipke. No one man stayed long in the other tackle position last year so he must find a pair of new ones. His best prospects are Eddie Layden, Tom Lorch and Tom Samuels, a good trio of sophomores, and Howard Auer, who was ineligible last year.

ATHENS STAR FULLBACK ENROLLS AT DALLAS

Dallas, Sept. 6.—(P)—Southern Methodist University plucked one of the state's athletic prizes this week when Truxton (Shacks) Shaw, star fullback of Athens high school for the last three years, enrolled in the freshmen class.

Until Shaw was ruled ineligible last year the Athens eleven was one of the most powerful in the state and was picked by many to reach the finals. A heated controversy raged about his status. His loss wrecked the Hornets' hopes.

It was learned here that "Doc" Sumner, lanky center of Athens' national championship cage team, had entered Texas Christian University at Fort Worth.

PIRATES SHAKE "LUCAS JINX"

CINCINNATI ACE ALLOWS EVEN DOZEN SAFETIES IN THURSDAY GAME

(By The Associated Press)

In a season that has seen their championship hopes blown to the four winds by injuries, the Pittsburgh Pirates at least can look with pride upon the fact that they finally have shaken the "Lucas Jinx."

Ever since June, 1927, Pirates teams have rolled over and played dead whenever Red Lucas, star pitcher of the Cincinnati Reds, was in the box against them. Last Sunday, however, they managed to beat the big red-head in a 12-inning thriller, 9 to 7. Yesterday they demonstrated the red ace no longer can boast of his spell over them for they trounced him, 10 to 5, in the only National League game of the day.

Brame and Lloyd Warner led the Pirates attack, the pitcher hitting a home run, a double and a single, and Warner a pair of triples and a single. All told the Pirates got 12 hits, of which seven were for extra bases. The victory placed Pittsburgh 12 1-2 games behind the Chicago Cubs.

In the only American League game of the day, Cleveland strengthened its hold on third place by bouncing Detroit for a 4-0 loss, in a game halted by rain after five innings of play. The Indians pounded Phil Page for three runs in the first inning, one more in the fifth and then scored three in the sixth only to see them washed out of the score book when rain caused postponement of the game and the score reverted to the fifth inning. Ken Holloway held Detroit to two hits. The victory enabled Cleveland to increase its margin over fourth place St. Louis to 2 1-2 games.

VERNON CHEVROLET MEN BACK FROM SALES MEET

Representatives of the sales organization of Ladd Motor Company, local Chevrolet dealers, returned yesterday from Amarillo, where they attended a zone sales meeting in the new zone headquarters, recently established. About 500 dealers and salesmen from points in the Amarillo zone were in attendance at the meeting.

Members of the party from here follow: C. M. Ladd, A. D. Skinner, Ervin LeBus, Herbert Poor, A. T. Underwood, Jack Hooker, R. B. Hatcher, and D. K. Brock. F. L. Massie, vice president of the Farmers State Bank, and George Veteto also made the trip.

TWO SAN ANTONIO YOUTHS LEFT IN GOLF FINAL PLAY

San Antonio, Sept. 6.—(P)—Two San Antonio youths, Edgar O'Quinn and Lorraine Young, had the Texas junior golf championship all to themselves today for 36-hole championship play.

O'Quinn's last opponent was Dick Gregg of Houston, who fell 7 and 6, while Young polished off the brilliant Edinburg player, J. Vernon Dixon, 6 and 5.

SEARCH MADE FOR BANKER IN HUGE SWINDLE

President of Colorado Bank Has
Been Missing From Home for
Ten Days and Police Have In-
stituted Extensive Hunt for
Him.

Denver, Colo., Sept. 6.—(AP)—In an

effort to solve a financial puzzle involving the attempt of a man representing himself as C. D. Waggoner, president of the Bank of Telluride, Colo., to obtain by telegraphic orders a half million dollars from six large banks of New York, police and private detectives today began extensive search for Waggoner, who has been missing for ten days.

The mystery surrounding the transaction was heightened by the publication here of a statement that a Denver banker, who refused to allow his name to be used, had received a letter from Waggoner Monday saying:

"I have just received a \$500,000 gift from the Denver Clearing House Association; at least I assume it is a gift, for there are no strings attached to it."

Partly substantiating information

from New York that code orders had been received ordering them to place in the Chase National Bank amounts ranging from \$75,000 to \$100,000 each, at the disposal of Waggoner, C. W. Duntain, cashier of the Telluride Bank, declared that before taking a vacation in Denver from August 26 to August 30, he had signed a number of drafts for the bank president.

It was known here Waggoner left his home in Telluride August 25 and was in Denver August 28. Delos Waggoner, the banker's son, said he did not know his father's whereabouts.

New York, Sept. 6.—(AP)—Search was under way today for a man representing himself as C. D. Waggoner, Colorado banker, to explain a mysterious \$500,000 transaction in which six large New York banks were victims of fake telegraphic money transfer orders.

Thus far no real money has been lost as the entire half million dollar transaction was executed with banking paper.

The scheme was put into operation August 30 when the six New York banks each received a telegram in bankers' code, directing the deposit

MRS. J. J. COCKERELL
Teacher of
Piano and Violin
Announces opening of classes
September 9th.
Phone 490-J—2730 So. Main

sums to the credit of the bank of Telluride, Colo., in the Wall Street branch of the Chase National Bank.

The orders were as follows: the Chemical National Bank, \$100,000 on order of the First National Bank of Denver; the First National of New York, \$100,000 on order of the Denver National Bank; the Guaranty Trust Company, \$75,000 on order of the United States National of Denver; the National City Bank, \$75,000 on order of the Colorado National Bank; the Harriman National Bank, \$75,000 on order of the American National of Denver; the Equitable Trust \$75,000 on order of the International Trust of Denver.

On August 31 a man who was accepted by the Central Hanover Bank as C. D. Waggoner, president of the Bank of Telluride, presented himself there and after paying off a note for \$250,000 of the bank of Telluride, and a personal note of C. D. Waggoner, for \$60,000, ordered \$10,000 telegraphed to the bank of Telluride and purchased a banker's check for \$180,000. These transactions were made with cashier's checks on the bank of Telluride, certified by the Chase National Bank, and drawn against the \$500,000 credit established by the telegraphic orders.

While police and private detectives hired by the American Bankers' Association were seeking the person who said he was Mr. Waggoner, the six New York banks were also on the lookout for the \$180,000 banker's check, as that is the only piece of paper which could be converted into cash.

The scheme was discovered last Tuesday when the Denver banks received notices from their New York corresponding banks that the various transfers ordered in the code telegrams had been executed. The Denver bankers immediately communicated with New York repudiating the orders.

NATURE seldom gives the maximum of two good qualities to any animal, plant, mineral or any natural oil. Most motor oils are made from crude oil that has a paraffine base or another crude oil with a naphthene base. Both these crude oils have qualities peculiar to themselves. The chemists of the Gulf Refining Company chose the best paraffine and naphthene crude oils and after exhaustive research finally succeeded in perfecting a blend of the two, which is

SUPREME MOTOR OIL

This two-base oil is especially made for today's high-compression high-speed motors.

AIR DERBY WILL OPEN SATURDAY AT AMARILLO

With Service Units Ready to Perform and Individual Birdmen Competing in Big List of Events, Cream of Flying Talent to Take Part.

Amarillo, Sept. 6.—With scores of skilled pilots ready to participate in

the races and other events; with airlines, aircraft manufacturers and others associated with the industry sending representatives, and with some of the outstanding aviation figures of the country on hand, Amarillo's air derby, the greatest in the Southwest this year, will get under way Saturday morning, Sept. 7, and continue through Sunday.

Visitors to Amarillo over the weekend will find a community given over entirely to aviation, the entire city joining in the dedication of Amarillo's 480-acre Municipal airport. With service units ready to perform in formation, and with individual birdmen competing in the big list of events for cash prizes, the cream of the Southwest's aviation will be gathered here. Pilots and planes from the Pacific coast, from

the Middle West, from the South will be at the field.

It will be a gala two days, and thousands of holiday thrill-seekers from neighboring cities will be on hand to witness the daring maneuvers of the flyers.

Cash prizes totaling more than \$5,000 will be given the winning flyers in the various events, which will include parachute jumping, dead stick landings, balloon "busting" races, of various sorts and so on.

The Municipal Airport, one of the finest fields in the country, is under lease to Southern Air Transport, and is operated by Texas Air Transport. It is a port of call for Western Air Express and Braniff Airlines.

Facts that
prove the Value of
The New
CHEVROLET SIX

The new Chevrolet Six is shattering every previous record of Chevrolet success — not only because it provides the greatest value in Chevrolet history, but because it gives you more for the dollar than any other car in the world at or near its price! Facts tell the story! Modern features afford the proof! Read the adjoining column and you will know why over a MILLION careful buyers have chosen the Chevrolet Six in less than eight months. Then come in and get a ride in this sensational six-cylinder automobile—which actually sells in the price range of the four!

Remarkable Six-Cylinder Engine

Chevrolet's remarkable six-cylinder engine impresses you most vividly by its sensationally smooth performance. At every speed you enjoy that silent, velvet-like flow of power which is characteristic of the truly fine automobile!

Beautiful Fisher Bodies

With their low, graceful, sweeping lines and smart silhouette, their ample room for passengers and their sparkling color combinations and rich upholstery—the new Fisher bodies on the Chevrolet Six represent one of Fisher's greatest achievements!

Outstanding Economy

The new Chevrolet Six is an unusually economical car to operate. Not only does it deliver better than twenty miles to the gallon of gasoline, but its oil economy is equal to, if not actually greater than, that of its famous four-cylinder predecessor!

Remarkable Dependability

In order to appreciate what outstanding value the Chevrolet Six represents, it is necessary to remember that it is built to the world's highest standards. In design, in materials and in workmanship, it is every inch a quality car!

Amazing Low Prices

An achievement no less remarkable than the Chevrolet Six itself is the fact that it is sold at prices so amazingly low! Furthermore, Chevrolet delivered prices include the lowest financing and handling charges available!

THE AIM OF THE COLLEGE STUDENT

Just now one hears a great deal about the "college man," especially among youths making preparations to go away to schools for their first time. This individual seems to be a rather exalted personage, one whose attainments symbolize all that means success. He is spoken of by these prospective freshmen with unveiled envy, if not with reverent awe.

One comes to wonder what the term "college man" means to these youths. Even the shallowest analysis will convince the observer that to the great majority the term is recognized as a synonym of the word success, if not actually the crystallization of all that success means.

However, there are divergent views of what constitutes success, and how the college man represents it. Of course some subscribe to the opinion that attendance at college gives one a sort of scholarly background that overwhelms others, fairly takes the breath of members of the opposite sex, and automatically paves the way to success by removing all obstacles. Everything is seen to have a roseate hue once one becomes a college man.

And then hmdrluetaoigtOm(bCof Then there is another view of success and the college man. This sees the college man succeeding because he has developed his capacities for thinking, analyzing and forming conclusions. He has developed his perspective, and is not bound to any method, but is ever ready to consider new plans and properly appraise their worth. He uses his own mind to think straight, and his success is assured. Outwardly he gives little appearance of the collegiate type, but he attacks problems from a new angle.

College in itself can do nothing for the individual. There is nothing hallowed about college. It is only a place where if one works hard and applies himself he can develop his faculties much faster than otherwise.

EXTENDING CITY LIMITS

From almost every hand comes reports of movements of cities to extend their limits and add to their population by annexation of suburbs before the census for the 1930 census is started. These reports must remind Vernon citizens of a similar situation here, and the need of early action if anything is to be done before the census is taken.

It is to the best interest of Vernon to boost the population figures as high as possible before the census is taken, of course. Since anything that is for Vernon's interest is ultimately for the interest of all the citizens, all should be anxious to take steps to advance the city. This seems to be the thing to do in this case, at least.

Is there any adequate reason for

not extending the city limits of Vernon to include what is now West Vernon? Some West Vernon citizens have offered the argument that it is cheaper to live outside the city limits, and that to extend the city limits of Vernon would mean an increase in their taxes without any additional advantages. Perhaps that may be true, but there are some other considerations.

In the first place it is reasonably argued that the difference in the insurance costs of the average property owner will offset the increase in taxes when West Vernon is brought into the city. There will, of course, be a material reduction in the insurance rate when West Vernon becomes a part of the city, and has a just claim upon the protection of the city's fire-fighting equipment. In some cases, it is reasonable to believe, this reduction will equal or even exceed the increase in taxes.

In regard to the inability of the extension of Vernon's city limits to offer West Vernon residents any additional advantages, it might be said that it probably would make provision for West Vernon residents to pay their just share of expenses for some of the advantages which they are now enjoying without carrying their full share of the financial burden.

Vernon's tax rate is not unusually high. In fact, for a city of this size, it is below the average. It seems then that Vernon citizens are getting the conveniences and municipal advantages provided rather cheaply, comparatively speaking. Why should West Vernon be unwilling to share in this comparatively cheap cost of government?

As it is West Vernon citizens expect the protection of Vernon fire fighting equipment, without seeming to understand that when that equipment is in West Vernon, property of Vernon residents, whose tax money

pays for the fire apparatus, is left unprotected.

West Vernon citizens utilize Vernon's educational facilities, and even if they pay the usual school tax, they do not pay their full share, because a portion of the Vernon municipal tax, in addition to that levied for strictly school purposes, is used in the interest of the school.

The costs of government in Vernon are not excessive, and no one can reasonably object to paying them. The interests of the city can best be served by extending the city limits, and surely everyone sufficiently interested in the city's welfare should be willing to contribute to its advancement so long as that contribution does not cost more than is fair and reasonable for advantages offered. What makes Vernon makes Vernon citizens, and all will profit individually in the end by any measure of progress achieved by the community.

WEST RAYLAND

Mrs. J. S. Ray left Friday for Missouri to visit with friends and relatives.

Mr. and Mrs. Fisher Bailey and children of Electra, visited Mr. and Mrs. F. L. Farrar Sunday.

BECKY ROGERS GOES TO TRIAL AGAIN MONDAY

Attorneys Say Plea of Dementia Praecox Will Be Offered as Defense—Drew Fourteen-Year Sentence in Previous Hearing.

New Braunfels, Sept. 5.—(AP)—The machinery of justice is to continue its slow grinding here Monday when

Better Than Trips to Health Resorts, Says S. C. Denham

"My Wife Was Told She Would Have To Be Operated On, But Since Taking Orgatone She Is Able to Do Own Housework," Says Burk Burnett Man.

"I am happy to think how perfectly my wife's health has been restored and I want to make this statement for my wife," said S. C. Denham of Burk Burnett, while talking with the druggist regarding the benefits his wife has derived.

"Her troubles first began after she had the 'flu' and she suffered just terribly. She had to go to bed and nothing we did for her seemed to do her any good. Her appetite was very poor, and often she would not eat anything for days. She was very nervous and didn't get a good night's sleep. She had terrible headaches, and her limbs ached all over, so she could hardly stand it. The doctors advised that she should go to a sanatorium, which she did. She came home without being benefited, and was then told she would have to be operated on for appendicitis.

"She was beginning to get discouraged and didn't think any of medicine would do her any good, but we read Fire Chief McClure's statement in the papers, and decided to get a bottle of Orgatone. Her wonderful improvement, on three bottles of Orgatone, has surprised lots of people and she is now one of the happiest women in this town. She can eat anything now and isn't bothered with rheumatism at all now. In fact, she is well and strong and is doing her own housework. I am glad to give this statement for I know she will be benefited if they will give Orgatone a fair trial."

Genuine Orgatone may be bought in Vernon at the Vernon Drug Store.

Mrs. Rebecca Bradley Rogers, for the third time in nearly three years, goes to trial for robbing the Farmers' National Bank at Buda, Texas, in 1926.

Mrs. Rogers' plea, attorneys have said, will be dementia praecox—temporary insanity, a defense under which she drew a 14-year sentence in her first trial at La Grange.

Mrs. Rogers, then known as Miss Rebecca Bradley, on Dec. 10, 1926, was a stenographer in the office of Attorney General Dan Moody, now Governor. On Dec. 11 a young woman, posing as a newspaper reporter, asked to use a typewriter in the Buda bank. She busied herself at the machine a few minutes and then pointed a pistol at bank officials and escaped with \$1,000. The next day she was arrested.

Since her arrest she also has been charged with arson at Round Rock. It was alleged she fired a building there in the hope bank officials would be attracted and she could loot the bank. A trial on the arson charge resulted in a hung jury.

In the fall of 1927 a Fayette County jury sentenced her to 14 years for the Buda robbery, but the conviction was reversed. When a second trial was called at La Grange an attempt to obtain a jury failed, and the case was transferred to New Braunfels.

About a year before the robbery, Rebecca Bradley, then 20, and Otis Rogers, young attorney, were married. When Rogers heard his wife had been arrested he rushed to her aid. Already in ill health, he suffered a breakdown and developed tuberculosis. Mrs. Rogers worked as a waitress to pay hospital bills while he was ill.

NEW INCUBATOR TO BE INSTALLED AT HATCHERY

Installation of a three-ton Smith incubator is in progress at the Vernon Hatchery, according to Adam Danges, proprietor. Work on the new incubator will soon be completed and when it is finished will have a capacity of 52,000 eggs, giving the hatchery a total capacity of 80,000.

The new machine is all-electric powered, and because of low cost of operation, it is hoped that chicks may be sold at a greatly reduced rate. The new incubator is one of the latest design. A battery of special brooders will also be installed. Mr. Danges said, making it possible to sell baby chicks from one day to 8 weeks old.

FOR RENT—Front bedroom, nicely furnished, adjoining bath. No children. Inquire 2428 London Street. Phone 1132J. 264-3tp

Brief News From the Oil Fields

The Rathke Oil Company's No. 1 Watts, section 64, block 15, H. & T. C. R. R. survey, in north Wilbarger County is near the 2,200-foot level drilling in hard lime or sand rock formation.

Easter's No. A-5, section 26, block 4, H. & T. C. R. R. survey, is waiting on a spudder at 2,332 feet.

Easter's No. A-6, section 26, block 4, H. & T. C. R. R. survey, is swabbing 165 barrels in 24 hours.

Empire's No. A-10, northwest part of section 32, block 4, H. & T. C. R. R. survey, is drilling in oil sand at 1,846 feet with 1,400 feet of hole in hole.

Empire's No. B-19, southwest part of section 32, block 4, H. & T. C. R. R. survey, is waiting on a spudder at 2,332 feet.

R. survey is swabbing 100 barrels in 12 hours.

Phillips' No. DD-4, southwest of the southeast part of section 42, block 4, H. & T. C. R. R. survey is swabbing 63 barrels in 20 hours.

W. T. Waggoner Estate's No. M-4, northwest of the northeast part of section 32, block 4, H. & T. C. R. R. survey has a showing of oil at 1,855 feet.

Simpson & Feil's No. A-2, section 36, block 4, H. & T. C. R. R. survey, is flowing 100 barrels. The No. A-3, same section, is rigging up a rotary derrick ready to spud in.

The Grayback Development Company's Smith & Brady No. 2, section 36, block 2, is waiting on a spudder to drill in. A rotary rig has been erected at the Smith & Brady No. 3 location in preparation for spudding in.

Phillips' Norwood No. 6, section 18, block 4, H. & T. C. R. R. survey is swabbing 75 barrels.

The Texas Company's No. E-21,

lease located in parts of sections 24 & 25, block 4, is at 1,877 feet and is swabbing 50 barrels.

WAS ON VERGE OF BREAKDOWN

"Recently I spent fifty-four dollars in a clinic getting X-rayed for what I was told was chronic gall bladder and intestinal trouble, but I am now convinced that Sargon was all I needed. If I had known what a wonderful treatment it was I could have saved lots of money and suffering. "About two years ago I began to decline into a general weak and run-down condition that steadily grew worse. My stomach was upset and I had awful pains in my back, in the region of my kidneys and gall bladder. My appetite was poor and it seemed I couldn't eat anything without pain afterwards. I lost strength and energy and was very much discouraged. "Before I had finished the first bottle of Sargon I had a splendid appetite and could eat what I wanted without any discomfort. The pains in my back began to ease up and now they have gone entirely. Sargon Soft Mass Pills stimulated my liver and relieved my constipation. I just can't find words to express my gratitude for this marvelous treatment." —Mrs. Ollie Hengy, 4805 Maple Ave., Dallas.
